

**BRITISH TROOPS
ARE IN CONTROL**

The Soldiers Landed At Corinto This Morning.

ALL THE NATIVE OFFICIALS LEFT AT ONCE.

Nicaragua Is Under A Peaceful Blockade—All Believed That An Attack Would Be Made Yesterday and Merchants Closed Their Stores—Promises of South American Countries Are Worthless—Ultimatum Has Not Been Modified.

Corinto, Nicaragua, April 27.—The British occupied the city this morning, and the native officials all left. Artillery has been placed in position down-town, so as to insure in case of the landing of an armed British force that the lives and property of natives and foreigners shall be respected. The excitement has cooled somewhat. Gen. Rivas of Mosquito coast fame arrived yesterday with 800 soldiers. When drill calls were heard yesterday, followed by the lowering of boats from the British warships, all believed an attack was about to be made. Business houses were closed and a crowd collected on the beach. But the spectators were only treated to a magnificent maneuver drill by the ships under command of Admiral Stephenson. It is now rumored a settlement will be made and that the ships will soon leave.

PROMISES WERE WORTHLESS.

South American Countries Unable to Help Nicaragua.

Managua, Nicaragua, April 27.—The government found that the promises of aid from other Central American countries in case of trouble with England were worthless, with the exception of that of Honduras. That country is ready to help. An American fleet is anxiously expected at Corinto. The town is peaceful, although the British warships appear to be getting everything in readiness to land troops if necessary. There is a general feeling that Nicaragua must accede to Britain's demands, but many hope to obtain a delay. The government secured only \$25,000 in silver by subscriptions. Foreign Minister Matus and British Minister Gosling conferred yesterday, after which the latter wired to London. This gave rise to rumors that a settlement had been reached. A report is current that a settlement will be made within a few hours. Foreign Minister Matus says the government is doing and has been doing all that is possible to bring about a peaceful and honorable arrangement.

Ultimatum Has Not Been Modified.

London, April 27.—In well-informed English quarters it is declared the British ultimatum to Nicaragua has not been modified. That Admiral Stephenson has not been instructed to extend the time granted Nicaragua within which to pay the indemnity of \$75,000 demanded by Great Britain, and, in the absence of definite news, it is believed the admiral has already occupied Corinto. The belief is also expressed here the Nicaraguan cabinet will not yield to the demands of Great Britain until compelled to do so, in order to avoid being forced to resign office.

Objects to the Apology.

Leon, Nicaragua, April 27.—The troops are ordered to be ready to march on an hour's notice. A semi-official telegram from Managua says the government is ready to pay the money England asks, but objects to making the apology demanded. A telegram to that effect is said to have been sent to England.

May Start a Trade Boycott.

Tegucigalpa, Honduras, April 27.—A project has been started here to establish a trade boycott against England. It is receiving adherents throughout Central America. There is a large force of troops at Amapala which can be sent to Corinto at any necessary.

Will Give Only Moral Support.

San Jose, Guatemala, April 27.—The American fleet has not passed here (Thursday night) yet. The Guatemalan government announces it has nothing to do with the Nicaraguan-British trouble, but will give the former moral support.

May Have Occupied Corinto.

Washington, April 27.—Later advice received here do not agree with the early reports of a twenty-hour respite. Officials here intimate the British have already occupied Corinto.

OPPOSE ACTION ON SILVER.

West Virginia Democratic Convention Is Abandoned.

Wheeling, W. Va., April 27.—The proposed democratic state convention to commit the party in West Virginia on the silver question will not be held owing to the strong opposition that has developed among the party leaders in the state. The opponents of the plan do not base their opposition so much on an enmity to free silver as they do on the fact they regard the idea of a declaration on the question in advance of the national convention of next year as unwelcome from a party standpoint. Senator Faulkner, ex-Senator Camden, Postmaster-General Wilson, and other acknowledged party leaders having so expressed themselves publicly and most of the democratic papers having declared opposition to the scheme it is said that now it will be abandoned.

Guatemalan Abuse of Americans.

Guatemala, April 27.—United States Minister Young is making a thorough investigation into the abuses and outrages reported to have been committed on American citizens and will probably visit the railroad construction camps on the Atlantic coast.

BETTER TONE TO TRADE NOW.

Are Many Gains Although Sales Are Behind the Production.

New York, April 27.—R. G. Dun & Co.'s weekly review of trade says: "Neither the rising speculative markets nor the steady gain in industries has ceased, and it is wholesome that there are fewer signs of hesitation in the productive industries than in speculative prices. Wage strikes grow more numerous and cause some trouble, and retail demand lags behind wholesale and jobbing purchases behind production in some branches, but, through many conflicting reports the fact shines out that the industries are gaining, not with a rush and a whirl but more safely. Cotton mills are getting more money for goods and have quite generally advanced wages. Consumption of northern spinners at the maximum would be in eight months 1,350,000 bales, but they have actually taken 1,950,000 and have a profit on 600,000 bales controlled of over \$4,000,000. The consumption is large and advances seem to be warranted. Iron production, stimulated because ore, coke and oil were to be dearer, is retarded by shrinking demand for products, for on the whole new business is said to be smaller than in February or March.

"The structural demand for buildings throughout the country was never larger; the frenzy in oil has started a large demand for pipe and sheets at slight advances. Bessemer pig is lower and sales of southern pig in northern markets have been large at 25 cents advance. Finished products are nearly all at their lowest price.

"Wool has sold at the lowest price on record this week, 16 cents for Ohio and 15 cents for Texas, and offers to clear off stocks before new supplies come forward tempt manufacturers to purchase beyond present needs. Sales of foreign, \$117,300 pounds in three weeks of April, against \$292,500 domestic, made the total 17,409,800, against 15,906,100 in 1892, and less of course in '93 and '94.

"The demand for dress goods continues large and improving, but uncertainty in men's wear goods continues, and is somewhat increased by more numerous strikes. Colored flannels are 5 to 7 1/2 per cent lower, and an auction sale is to be held and some irregularity appears in prices for fine fancy goods.

"Higher prices for wheat—nearly 3 cents above last week's—tend to check Atlantic exports which, flour included, were only 1,868,873 bushels for the week, against 2,620,445 last year, though for the previous two weeks about equal to last year's.

"Cotton touched 7 cents, receding to 6.93; 1,312,306 bales had come into sight last week, and British exports of goods were 120,000,000 yards less in the first quarter this year than last. With such facts the rise does not help to lessen southern acreage.

"The failures for the week have been 230 in the United States against 179 last year, and 37 in Canada against 26 last year."

NOTED MEN TO TALK.

Southern Leaders Soon to Be Heard at Memphis.

Memphis, Tenn., April 27.—The currency and banking conference to be held in Memphis May 23 promises to be one of the greatest economical conventions ever held in the south. Present indications are that every city of importance in the Southern States will send delegates and that the discussion of finance and banking will be participated in by many popular leaders. The silver men of Memphis and Shelby County are called to meet today to decide whether or not they will call a silver convention to meet before or after the conference of May 23. The convention is to be non-partisan.

Washington, April 27.—Secretary Carlisle has formally accepted an invitation to deliver an address on the financial questions of the day at the Memphis convention, May 23.

Nitro-Glycerine Explodes.

Fort Wayne, Ind., April 27.—William Ulmer started yesterday from Bluffton to the Montpelier oil fields with 720 quarts of nitroglycerine in a wagon. When two miles from Bluffton the wagon wheels struck the root of a tree and upset the wagon. An explosion immediately followed, which made a hole sixty feet across the top and fifteen feet deep. Four or five large oak trees were blown down and carried a distance of 500 feet. Ulmer and his horses were blown to atoms. Window glass was broken in houses for many miles around, and the shock was plainly felt in this city, twenty-five miles from the explosion.

No Strike Among Illinois Miners.

Springfield, Ill., April 27.—Concerning the reports of an impending general strike among the miners ex-State President J. A. Crawford of the United Mine Workers of America has the following to say: "The rumors of a general strike are false. Being in direct communication continually with the national office, if any strike was apparent I would be aware of the facts. Now the only strike features apparent in this state are simply some local matters that we believe we can adjust without any lasting difficulty."

Report That Ten Men Are Drowned.

Baltimore, Md., April 27.—A report comes from Burham's wharf, Middlesex County, Va., that during a storm on the Rappahannock ten men (two white and eight colored) were drowned. When the storm broke a number of canoes sought safety under the lee of a vessel. The vessel dragged anchor and the canoes were cut loose. It was the occupants of these boats that were drowned.

**PLUSH IS PARDONED
BY GOVERNOR UPHAM**

GOOD RECORD AND BRAVERY IS RECOGNIZED.

He Saved the Life Of Deputy Warden Benway When He Was Attacked By a Colored Prisoner—Sentenced From Marinette N'ne Years Ago For Killing John Nixon.

Madison, April 27.—Thomas Plush's bravery and excellent record at the state prison, resulted in his being granted a pardon by Governor Upham this morning. Plush was convicted at Marinette in 1886, of killing John Nixon in a drunken brawl, and sentenced to sixteen years in the prison at Waupun. Plush recently saved the life of Deputy Warden Benway when a colored prisoner assaulted him and this fact, coupled with his good record, resulted in his pardon.

MISTAKEN IDENTITY.

Durrant's Attorneys Try to Bring Wolfe Into the Murder Case.

San Francisco, Cal., April 27.—During the early days of Durrant's trial an attempt was made by his counsel to cast suspicion upon the Rev. George Gibson, pastor of Emanuel church. His attorneys have so far failed in developing any tangible evidence. Elmer A. Wolfe, a witness of the prosecution, who corroborated previous testimony concerning Durrant's tardiness and disheveled appearance at the Christian Endeavor meeting of Good Friday evening, yesterday was cross-examined by the defendant's attorney, who endeavored to show that a similarity between the shoes and overcoats of Wolfe and Durrant and the resemblance in statue had led to Durrant's mistaken identification by persons who had really seen Wolfe. He accounted for all his movements. Chief Crowley said in the Lamont case the police would present an even stronger chain of circumstantial evidence against Durrant than in the present case.

Are Asked Not to Marry Titles.

Springfield, Ill., April 27.—In the house yesterday Mr. McCarthy obtained unanimous consent to introduce the following resolution: "Resolved, That the members of the Thirty-ninth general assembly of Illinois do hereby request the daughters of Illinois not to accept the hand in marriage of any person who is not a citizen of the United States by right of birth or naturalization, as we are of the opinion that the daughters of Illinois should be patriotic in their views, and should disregard the title of any foreigner and marry none but a citizen of the United States." The resolution was referred to the committee on federal relations.

Murder Mystery in Milwaukee.

Milwaukee, Wis., April 27.—What will probably prove another murder mystery for the police to solve came to light last night. The victim is Henry Mosher of Rochester, N. Y., 29 years of age, who left his boarding house Thursday morning with about \$150 in his pocket, and whose body was picked up in the lake, near Lakeside Park, in the afternoon minus money and minus a gold watch. When the body was found it was thought to be a case of suicide, but there are heavy bruises on the side of the face.

Women Kills a Man She Loves.

New York, April 27.—Maria Barberi killed Dominico Cataldi yesterday, nearly severing his head from his body with a razor. He had deceived her and refused to fulfill his promise of marriage. Maria does not deem it strange that she murdered a man who had deceived her, and when taken to the station-house and charged with the crime she talked about the affair in a cool, unexcited manner, as if she had done what was natural and right under the circumstances.

New Health Board Legal.

Lansing, Mich., April 27.—The supreme court has handed down a decision, holding that the act passed by the present legislature authorizing the appointment by the governor of a new Detroit board of health is constitutional. The court declares that the new board is entirely warranted in drawing upon the treasury of the city of Detroit for money.

Germany Is Alarmed.

Berlin, April 27.—The National Zeitung declares Japan must not be allowed to drive German trade out of China nor to acquire a permanent military footing in China such as would enable her to shut the door in Germany's face, perhaps in agreement with the United States.

Look for a Strike in Ohio.

Bellaire, Ohio, April 27.—Prominent coal operators in the Fifth district, including the largest coal fields in eastern Ohio, are looking for a general strike of miners after May 1 on account of wages.

**A NOTABLE WEDDING
AT MADISON TODAY**

THE MORRIS FAIRCHILD NUP-TUALS THIS AFTERNOON.

Daughter of The Ex-Governor and Former Commander of the "Iron Brigade" Married to the City Attorney of the Capital City By Rev. Joseph Cochran.

Madison, April 27.—A noble wedding ceremony was performed this morning when Miss Mary Fairchild, daughter of Ex-Gov. and Mrs. Lucius Fairchild, and Charles M. Morris were married at Grace church by Rev. Joseph Cochran. The ceremony was performed at 2:30 o'clock and a reception was given at the home of General and Mrs. Fairchild at 3 o'clock. The groom is city attorney of Madison.

CHARGES BIG CANAL STEAL.

Scandal Involving \$3,000,000 to Come Up at Ottawa, Canada.

Ottawa, Ont., April 27.—Signs of an impending storm in the house of commons equal to the scandal session of 1891 are not wanting. Mr. Choquette, a prominent Liberal member, has discovered irregularities connected with the new Sault Ste. Marie canal. The amount involved is over \$3,000,000. Mr. Choquette says the walls of the new canal already show signs of disintegration and are bulging inwards. He also alleges a considerable portion of the original appropriation for the Soo canal was diverted to other purposes. Mr. Choquette declares he is prepared to make the most sweeping charges of political jobbery and corruption against the government. There is considerable anxiety manifest among government supporters as to what stand the government will take when the matter comes up in the house next week.

WOMAN MURDERED BY TRAMPS

Mob from Anderson, Ind., Is In Pursuit to Lynch Them.

Anderson, Ind., April 27.—A mob of 200 farmers and citizens of Ingalls, with ropes, bloodhounds and guns, are in pursuit of two tramps who fatally injured Mrs. William Humes. While she was gathering flowers in a grove they attacked her and stabbed her twice. She was thrown into the cellar half filled with water, which so revived her she was able to crawl up the steps, where she was found by persons who saw the tramps running from the house. Sheriff Starr has gone to Ingalls to prevent a lynching if the tramps are caught. All tramps found here have been arrested and will be held for investigation.

Will Evict the Floury Tenants.

Lincoln, Neb., April 27.—Judges Dundy and Riner of the federal court have declined to issue the mandatory injunction asked by the government counsel commanding the Flourney Land Company and some 235 other tenants to get off the Indian lands at the Omaha and Winnebago reservations in Thurston county. Agent Beck will continue evictions of the Flourney tenants.

Omaha, Neb., April 27.—Capt. Beck, the Indian agent at the Winnebago reservation, says when he returns to the reservation he will enforce the government regulations, and he will comply with instructions from Washington in the meantime while waiting for the disposition of certain litigation to come up at the May term of the federal court. This will affect about 2,500 persons. He anticipates no trouble.

May Conflict with the Federal Law.

Charleston, S. C., April 27.—The dispensary law in this state threatens shortly to assume the proportions of a fight between the federal and state governments. In addition to the temporary injunction heretofore granted by Judge Goff, restraining the state authorities from seizing contraband liquors brought into the state, another injunction was issued by Judge Simonton of the United States circuit court yesterday to immediate issue. Gov. Evans has said he will not obey the injunction, and has instructed the constabulary to go ahead with their seizures.

Continuance of the Debs Case.

Washington, April 27.—An order was issued yesterday to continue the Debs case at Chicago. It is stated the court-at-law at Chicago will continue the case until the July term of the court. It is expected that by that time Judge Grosscup will have sufficiently recovered his health to hear the case. Judge Grosscup heard the previous case and granted the injunction against Debs. He is perfectly familiar with all the questions involved, and for this reason it is preferred to continue the suits until they can be heard before him.

Montreal Death List Not So Large.

Montreal, Que., April 27.—But one of the victims of Thursday night's fire in W. C. McDonald's tobacco factory is dead, Alphonse Thibeau, who jumped from the fourth story and broke his back. It is believed Lionel Bedard and Rosanna Beauchamp cannot recover from their injuries. There are twenty-one others who have been seriously injured. It is said one girl, Marie Frambois, is missing. The total loss was \$500,000. The chief building inspector in an interview showed that the arrangements of the building were in direct violation to law.

Goes to the Jail and Kills His Wife.

Lima, O., April 27.—Don Perkey returned to his home yesterday at Sidney, O., from a trip and found his wife had been in jail two weeks. She had been arrested in a raid by the police during a moral crusade. He went direct to the jail, and stepping unobscured to the door of her cell, shot her in the forehead, killing her instantly. He escaped, but officers are in pursuit.

A FLOOD OF DEATH IN FRANCE

Big Reservoir at Epinal Broke This Morning With Awful Results.

Epinal, France, April 27.—An immense reservoir burst today, inundating many villages. Thirty-eight corpses have been recovered so far, and the damage is tremendous.

A TRIPLE ALLIANCE TALKED OF

Both Great Britain and Japan Now Want Our Commercial Help.

Washington, April 26.—Rumors of a new triple alliance are afloat among the diplomatic corps. The members of the new international compact, if it is perfected, will be the greatest nations of the continents of Europe, Asia and America. In other words an effort is being made, according to diplomatic authority, to induce the United States to join Great Britain and Japan in an alliance against the powers of Europe and of everywhere else.

Knowing well the disinclination of this country to entangle itself with foreign countries in defensive and offensive alliances, Great Britain and Japan are said to have suggested a mere commercial alliance. Should the invitation to join such an alliance be accepted by this government the mere announcement would, it is thought, be sufficient to hold Russia, Germany and France in check in their attempt to prevent the consummation of the treaty of peace between Japan and China by which China will cede certain of her territory to Japan. It is impossible at this time to obtain authentic corroboration or denial of the rumor. If such an invitation has been received the cabinet about its being discussed by the cabinet is doubtless correct.

Minister Kurino of Japan has given out a very significant interview on the eastern question. He said that in his opinion the commercial interests of the United States in the east, particularly in Japan, are so much more extensive and important than those of Germany or France, that it would be eminently desirable in the event of a Franco-German alliance with Russia to prevent the consummation of the peace treaty, for the United States to take an active part in offsetting such an alliance.

Mr. Kurino wished it to be clearly understood, however, that this was his personal conviction. He had not, he said, received any instructions from his government, and there had been no suggestion of an official or unofficial character from him to the state department that the United States should be enlisted in its support. His views were the result of his personal information of the extent of the United States interests in the east.

"The commercial interests of the United States in Japan are very much greater than those of Germany and France. Practically their interests are little or nothing, while those of the United States are very extensive. The British trade comes first, and after that comes the trade of the United States. It would be eminently proper, therefore, if the United States in consideration of her superior commercial interests, should offset a demonstration on the part of France and Germany, if any such move is actually made. I am not officially informed that it has been made, nor am I apprehensive of the move should it be made. But in the event of its being realized, then there is little doubt in my opinion that the commercial interests of the United States would make it expedient to take part in the issue. This, of course, would not mean that the United States was to engage in a fight. Its co-operation would undoubtedly be effective without any radical step."

FIEND SHOT TO DEATH.

James Smith Defies an Officer and Is Instantly Killed.

San Diego, Cal., April 27.—James Smith, a tramp, who has been working on a ranch one mile from Delmar, a small town near this city, was shot and instantly killed by Constable John Bludworth while resisting arrest.

Smith was working at the ranch of Hugh A. Fraser. Yesterday afternoon, during the absence of Fraser, Smith went into the house and made an improper proposal to Mrs. Fraser, who, as soon as possible, left the house, and, running to Delmar, notified the authorities. Constable Bludworth and a deputy went to the farm and found Smith in a stall in the barn, armed with a shotgun and dirk. He refused to surrender and the constable fired two shots, killing Smith.

Treaty Is Very Objectionable.

Shanghai, April 27.—A dispatch received here from Peking says that affairs there are in a critical state. Some of the generals are in favor of continuing the war. The censors object to Viceroy Li Hung Chang and the terms of the treaty of peace between China and Japan, and the officials are claiming that the emperor alone should decide upon the terms. The ratification of the treaty, consequently, is uncertain, and if it is ratified it is feared that there will be trouble with the army.

Wisconsin Forest Fires Harmless.

Ashland, Wis., April 27.—Reports of forest fires in Northern Wisconsin are entirely erroneous. There are small brush fires set by loggers to clear up rubbish made during the winter. They make heavy smoke, however, and are misleading.

Russia Ready for Action.

New York, April 27.—A special cablegram from Tokio says: "The Russian and French fleets in these waters are prepared to stop Japanese communications unless Japan abandons all claims upon territory in Manchuria."

Duel in the Street.

Palouse, Wash., April 27.—J. D. Hughes and his son-in-law, Raymond Peiffer, fought a duel on the street yesterday. Peiffer fired three shots and Hughes one, and both men were wounded. Neither will die. The cause of the quarrel is not known.

New Jersey Fires Under Control.

Pleasantville, N. J., April 27.—The forest fires which have been raging in South Jersey for the last week are now under control. The entire loss is estimated to be between \$25,000 and \$50,000.

**BOGUS MESSIAH
INDICTED TODAY**

John Jacob Schweinfurth To Feel The Law's Grip.

ROCKFORD GRAND JURY FIND A TRUE BILL.

The Charge Made Is Unlawful Co-habitation And He Will Be Arrested At Once—His Indictment a Surprise As It Was Not Thought That the Evidence Was Sufficient—Forest City People Are Glad to Hear It; But There Is Dismay In "Heaven."

Rockford, Ill., April 27.—The grand jury this morning returned an indictment against John Jacob Schweinfurth, the alleged Messiah, charging him with unlawful co-habitation. The indictment of the self-styled Christ was a great surprise, as it was thought that the evidence against him was not strong enough to warrant a true bill. All Rockford is glad that the law has finally interfered in the disgraceful affair, but there is great dismay at the Weldon farm.

KEEP THE AGREEMENT.

Drainage Bill Is Now Sure to Go Through Illinois Senate.

Springfield, Ill., April 27.—Chicago drainage and valley people got together Thursday and reached an amicable settlement of their difficulties and as a consequence the Humphrey bill was advanced to its third reading this morning and made a special order for next Tuesday immediately after the reading of the journal.

When the senate was called to order Senator Crawford stated that the two factions had after a conference concluded to adopt Senator Leeper's amendment offered Thursday. By unanimous consent the bill was brought up, the amendment adopted and the bill advanced to third reading. The bill was then, on motion of Senator Crawford, made a special order for Tuesday. After disposition of the Drainage bill, the senate took up the matter of advancing bills to third reading. D. A. Campbell's and Craig's bills, amending the law in relation to beneficiary societies, were read a third time and the question of their advancement was made a special order for Tuesday. Senator Leeper's bill amending the Warehouse law was advanced to third reading, and made a special order for Tuesday. The house bill regulating the granting of franchises by city councils was advanced to third reading as was also Wall's bill making a residence of ninety days in a township necessary in order to qualify a person to hold office. Senator Evans moved to reconsider the vote by which the bill appropriating \$25,000 for the erection of a statue to Marquette was defeated, and on motion of Senator Mahoney, it was made a special order for Thursday. Senator Little called up his revenue bill, and by unanimous consent it was advanced to third reading and was made a special order for two weeks from next Tuesday.

The house worked without a quorum. Less than one-third of the members were present but more business was transacted than on any other day this week in the way of clearing up the calendar. All the senate and house bills on the calendar on the order of first reading were read and advanced to the order of third reading. Among the important bills was that of Mr. Merriam, known as the Anti-Catholic bill, and the bill to prohibit the use of nickel-in-the-slot machines. The house adjourned until 5 o'clock Monday.

HARD FOE TO FIGHT.

Blackburn to Find Carlisle a Formidable Adversary.

Washington, April 27.—While the contest in Illinois between sound money and free silver is necessarily of importance, a fight in Kentucky is probably more directly interesting from an administrative point of view, because the name of Secretary Carlisle is constantly mentioned in that fracas. Mr. Carlisle, in spite of his denials of any desire to enter into the fight, is regarded as a formidable candidate for the senatorship to succeed Blackburn. Viewed from a Washington standpoint, the senatorial fight in Kentucky resolves itself into a contest among five leading democrats—Senator J. C. S. Blackburn, ex-Gov. Buckner, Representative McCrory, ex-Gov. Knott and Gov. Brown. Mr. Carlisle comes in as a dark horse. It is believed that Senator Blackburn, on a silver platform, will have a plurality. The four other candidates are not particularly important. It is the current belief here that each of them would rather see some dark horse win than any of the four.

Many Cities Suffer by One Failure.

Buffalo, N. Y., April 27.—Many bucket shops throughout the United States and Canada are heavy sufferers by the failure of John C. Allen, who ran the Standard Grain and Stock Exchange here. His liabilities will amount to \$250,000. The assets are scattered through various banks in New York, Pennsylvania and Canada, and cannot be figured out for some time. His creditors will undoubtedly suffer a great loss.

Good Fruit Crop.

Chicago, April 27.—Reports from the fruit section in Illinois indicate a generally large supply. Strawberries, peaches, pears, apples, plums, blackberries and cherries are all looking well and now that the danger of a late frost is practically ended a heavy crop is predicted.

Shooting Goes Through a Trap.

Morrilton, Ark., April 27.—George Whittaker was hanged here yesterday for the murder of his father-in-law. In throwing the trap Sheriff White's foot slipped and he fell through with Whittaker, breaking his wrist.

THE RUSK LYCEUM WON THE DEBATE

JANESVILLE SPEAKERS WERE
SUCCESSFUL AGAIN.

The Affirmative Side of the Silver Question Was the Most Forcibly Presented and Banquet and Toasts Followed—Odd Fellows Celebrate Their Anniversary—Other Social Doings.

Janesville speakers won another victory last night when the debate between the Rusk Lyceum of this city, and the Columbus Lyceum of Clinton, was decided in favor of the affirmative.

"Resolved, That the Free Coinage of Silver Would Be Impolitic At This Time" was the subject, and the contest was held at Concordia hall. Will Denniston opened the discussion for the affirmative and was followed by Mr. Smith of Clinton, for the negative. Bernard Palmer of Janesville, Mr. Dresser of Clinton, Charles Reeder of Janesville, and Mr. Hansen of Clinton, followed in the order named. The judges, W. P. Leak, Clinton; Wm. R. Ross, Footville; and J. M. Whitehead, Janesville, awarded the victory to Janesville, the markings being 78 to 70. The Lyceum yell followed the announcement and three cheers for Clinton were also given.

A Banquet Followed. After the mooted question had been settled, the speakers and the members of the lyceums with a few invited guests adjourned to Golling's restaurant where a banquet was served. Covers were laid for fifty, and T. T. Blakeley acted as toastmaster. Remarks were made by Professor Simplicity, W. P. Leak and Mr. Dresser, of Clinton; Prof. D. D. Mayne, Will Hamilton, Edward Enright, Prof. H. C. Buell, J. C. Bartholf, O. H. Brand, Mrs. O. H. Brand, Prof. P. E. Johnson and Miss Stella Tuckwood. Messrs. Alma Golling, Josie Farnsworth, Irene Bennett and Matel Harper attended the tables, and the banquet was all that could be desired.

Incidental to the debate, musical numbers were rendered by Miss Sophie Weisend, Miss Tuckwood and Professor Buell, which added much to the enjoyment of the affair.

Some of the Arguments. The silver question was pretty thoroughly covered on both sides in the debate, and showed that the young men had devoted much study to the subject. Will Denniston, in opening, said that there was no scarcity of money in this country that was due to the large credit system, as solidly was assured by the gold that secured the obligations. Quotations were used very effectively, and he demonstrated that he was familiar with his subject.

Bernard Palmer pictured the effects of an unstable currency and made a very convincing speech which demonstrated that the question had been thoroughly weighed in his mind and his conclusions were fortified by facts.

Charles Reeder illustrated his arguments with charts and diagrams that made his presentation of the subject both clear and convincing. Incidentally he punched a few holes in "Coin's Financial School" and his effort was warmly praised.

On the Negative Side. Mr. Smith of Clinton, opened the negative side. He outlined the bad results that would follow the present scarcity of gold; the demand for gold redemption; and the class advantage of the single gold standard.

Mr. Dresser illustrated the defects of the single gold standard by referring to the recent commercial panic and sketched the benefits of the bimetallic standard in foreign countries, while Mr. Hansen's argument was well presented. He declared that demonetization did not effect prices but remonetization would.

William Hamilton presided at the meeting and the affair was managed by the following committee:

Committee of arrangements—T. T. Blakeley, chairman; Clayton Holmes, Carl Golling.

Reception Committee—Samuel Echlin, Roy Sanborn, Edward Williamson, Ed. Enright, Robert Knoff.

Entertainment Committee—Fred Blakeley, Walter Merritt, E. Owen, H. Welch, H. Hemmingway, F. McNamara, Henry Scott.

THE ODD FELLOWS CELEBRATION
Their Anniversary Was Very Pleasantly Marked Last Evening.

Song, story, a feast and dancing were the features of the celebration of the seventy sixth anniversary of the formation of Odd Fellowship, which was held at Odd Fellowship hall on North Main street last night. E. C. Burdick was the presiding officer and the program was much enjoyed.

The banquet was spread in the banquet hall after which dancing to the inspiration of Tuckwood's orchestra and social whist and cinch games at the card tables made the time pass quickly and pleasantly. Those who took part in a musical and literary way were: Miss L. Bunt, Elsie, Sadie and John Fathers, Mrs. J. P. Wright, Misses Selma, Lottie and Freida Pabst, Mrs. Nellie Pollay, Mrs. Allie Ashbrook, Misses Gertrude and Genevieve Brown, Miss Sadie Holt and Mrs. H. H. Dickinson.

RECEPTION FOR DR. AND MRS. HODGE
A Pleasant Reunion at the Baptist Church Last Evening.

Members of the Baptist church embraced the opportunity last evening, to meet their popular pastor and his estimable wife, after their sojourn in the sunny south, the affair being a reception held in the church parlors, and a most hearty "welcome home" was extended. The reception was entirely informal and was as pleasant as it was simple. Ice cream and wafers were served during the evening, and it was plainly evident that the congregation had missed their worthy pastor in his absence and they were much pleased at his safe return.

Each one carried home eight roses, signifying the number of years that Miss Edna is acquainted with, and the occasion was much enjoyed by the youthful guests.

LEAF TRADING ALL DONE HERE
Janesville Dealers Did the Bulk of This Week's Business.

Janesville did the tobacco business of the county this week. There is some movement in new leaf going on at a few of the market points, but the bulk of the business in this line however has been transacted at Janesville where several dealers have been adding considerable stocks of bundle leaf, which growers seemed determined to dispose of rather than sort and pack their crops, even if they realize but from 2 to 4 cents per pound. Almost every year there is an opportunity as the warm weather approaches to buy sacrifice goods from a class of growers that seem to be constitutionally opposed to sorting their tobacco crops. Such growers the Edgerton reporter says are ever willing to contribute something to the local packers of tobacco.

Packers complain of remarkably quiet times and only a moderate inquiry after cured goods of any description.

Growers are now pretty generally preparing their seed beds, a good warm rain however is needed to help along all seeding on the farm.

Shipments from storage points continue to move out. In all about 500 cases have gone forward to all points during the week. Sales reported are:

Aaron Wallen, 5a '94 at 6c asst.

Charles White, 5a at 5 1/2c asst.

O. P. Gaarder, 10a at 5 1/2c bl.

Thomas Barton, 53cs '93 at 7, 6 & 3c.

Foot Fitters Happy.

Today has been the first sale day of the Fond du Lac stock of boots and shoes in Janesville. The buyers commenced to arrive at 7 o'clock sharp and kept it up until 12 o'clock at night. No such sale was ever known in the town. Just think of it \$12,000 worth of Banister's, Strong & Carroll's, A. E. Nettleton's and other high grade makers, together with our own stock which is known to be the best, \$18,000, ever brought to a town. \$30,000 worth of shoes, all thrown on the market at about 60 cents on the dollar. Don't you really think we'll do the shoe business this summer?

Tonight We Kiss You Good-bye.

Our store closes at 10 o'clock. The goods not sold will then be packed and shipped away. If you anticipate wanting anything in Shoes, Dry Goods or Furnishing Goods in the near future it will surely pay you to come down town and purchase this evening. **TONIGHT GOODS WILL BE CHEAPER THAN EVER.** We surely feel very kindly towards the trading people of Janesville, for they have patronized us far beyond our expectations, in fact double, and we hope all have been pleased with the bargains we have given them. We may have the pleasure of seeing you again some day in a business way, if some one should wish to pull for the shore.

THE HARD TIMES STORE COMPANY,

WITH THE WITS.

"What makes you think they are so madly in love?" "He has been three weeks trying to teach her to play whist."

Medical Examiner—Have there been any symptoms of insanity in your family? Applicant for Insurance—Yes, sir—or—that is, my sister once refused a man worth half a million.

Bulkets—Don't you think your sister will be awfully sorry to marry and leave a nice little boy like you? The Pet—Yes. She said she'd 'a' got married a dozen times over if it hadn't been for me.

At the Theater—"Do you observe that tenor who sings so admirably? He is as deaf as a post." If he is deaf, pray how does he know when he has done singing?" "The conductor gives him a sign."

Parvenu Hostess (to stable boy, attired as a waiter for the occasion of a dinner party)—James, why do you not fill Mr. De Glutton's glass? James—Lor', ma'am, what's the use? He empties it as fast as I fill it.

FASHION'S FANCIES.

Infants' silk hoods trimmed with swans' down are seen.

The combination of white and pink tulle is pretty for ball toilets.

Sofa cushions of Persian figured silk are pretty and very popular.

Large single roses with leaves are put on each side of fancy collars.

Velvet and plush capes that are of a rainproof finish are new novelties.

A popular fancy which will be dainty and useful for elaborate summer frocks is to build the elbow sleeve of two or three lace ruffles with loops and ends of ribbon between them.

Something new can be said of the manifestations of the opal every week. The greatest ingenuity is seen in working it into new and beautiful forms with the aid of diamonds.

Runaway on the Ocean.

A runaway steamer must be an exceedingly unpleasant sort of sea serpent for the passengers on board her. The steamer Marchioness of Breadalbane, while making the passage from Rotherham to Gourock, met with an accident to her machinery and the engineers were unable to stop her. The captain therefore took her out into mid-channel and spun around in a circle till the steam was nearly exhausted, when the runaway was headed for Gourock, where she was secured by ropes and the rest of the steam run off.

"A Word To the Wise Is Sufficient."

I suffered terribly from a roaring in my head during an attack of catarrh, and became very deaf. I used Ely's Cream Balm, and in three weeks could hear as well as ever.—A. E. Newman, Grating, Mich.

One of my children had a very bad discharge from the nose. Physicians prescribed without benefit. After using Cream Balm a short time the discharge was cured. O. A. Cary, Corning, N. Y.

Price of Cream Balm is fifty cents.

ROSSUTH.

A PRACTICAL ARGUMENT.

If ministers, and particularly evangelists, would stop making wholesale assaults upon cards and card playing and center their fire upon gambling, their time, talents and exertions might result in some good. These wholesale, indiscriminate assaults upon card playing no longer scare people, because they know that they are not well founded. A game of euchre, cinch, whist or seven up, for amusement, is as harmless as a chat over a cup of tea, and possibly less so. There are thousands of people in this busy city of Milwaukee who have no other recreation, no other amusement, than a pleasant game of cards after a hard day's work, and all the ministers and all of the evangelists in all of the world would froth at the mouth in vain, in attacks upon card playing, without changing their custom.—Milwaukee Telegraph.

Colonel Watrous treats the matter of card playing in a practical, common sense way. He is in close touch with the religious element of the city, possessing a moral character above reproach, and intensely interested in the welfare of young people. Observation and experience have led him to believe that the sin of any amusement is in the abuse of it. He believes, as do thousands of good people, that the most sacred place on earth is the home, and that when young people are found in the home circle, that the place should be made so attractive as to satisfy every good impulse of the child life.

Every parent knows that amusement and recreation are as necessary to a well regulated home, as food and raiment. Necessary and profitable not only to the child, but to the father perplexed with care or the mother annoyed with anxiety. It is frequently urged that music and reading should satisfy this general demand, in many cases they do, while in others, they do not, and can never be made to. There are thousands of good people who possess neither musical or literary tastes. The demands for recreation and rest are just as imperative with this class of people, as with any other.

The day has gone by when any church can afford to become conscience for intelligent people, and it is a waste of time and energy for any church to incorporate in the moral code, a set of rules for governing home life, when it is known that they will be universally ignored. There is another side to this question of innocent amusements that church authorities too frequently ignore. Intelligent people who become interested in the church, and who are conscientious as to their action, hesitate about becoming identified with an organization that assumes to be authority on what they consider purely prudential questions. As a result, the church that they had selected is substituted for another, less arbitrary, and equally pious. A gentleman and his wife in a neighboring city, recently became interested in a series of meetings that were being held in the church that they always attended, although not members. The pastor noticed that they were present at every service, and one afternoon he called on the lady and suggested that she and her husband become identified with the church, asking at the same time, what sacrifice it would be necessary for them to make to comply.

The lady said that they would be glad to become members of his church, and she knew of nothing that would interfere. She said "we occasionally play a game of whist but I don't suppose that is objectionable."

This was a conundrum that the pastor was hardly prepared to meet, so he

told the lady that when people became interested in the church they didn't usually care for such games. As a result he lost the opportunity to take into his fold two of the best people in the town, people whose daily life was above reproach, and whose influence for good had long been recognized in the community.

The grandest mission of any church is to do good. The world is full of opportunities, and life is too short and altogether too important to bar from church fellowship and communion, a large class of people whose every-day life is in harmony with purity and uprightness of character, simply because through education and early association they possess liberal views on innocent amusements.

WANTED—Men who will work for \$75 per month salary or large commission selling staple goods by sample to dealers. Experience unnecessary. Write us. We will explain. For sealed particulars send stamp. Household Specialty Co. (75) Cincinnati, O.

YOU want to look out for our "ads" from this time on. For the last few weeks we have let the "other fellows" have the market on "ads," while we have taken our full share of sales. From "this time on" we are going for the most of the business. You can't buy elsewhere a home for \$400 such as we will sell you. If you want a \$2,500 home, no one else can "hold a candle" to the one we will show you at this price. If you want the best 50 acre farm in Rock county at the price, you should come to us. We have such a one within twenty minutes of the post office, and we will sell it to you at \$15 per acre less than it was ever before offered and at that much less than it is worth. This farm is the only one as good in the county and the price is way down. In homesteads we lead the whole world, of course. You will read occasionally some howl from one of the little fellows about a "cheap homestead." Don't expect to get the really cheap except at our office. We own our acre prices at cost of improvement and none of the others do. We can give away fine homesteads and not suffer much. We are not going to give away any more, but we are going to sell them so cheap from "this time on" that after you buy one you will feel almost as if you had stolen it. Come and see us. Geo. L. & Sarah H. Carrington.

LENZ BREHMER SUIT IS ENDED AT LAST

THAT IS UNLESS THEY APPEAL IT.

Judge Phelps Ruled That Carl Lenz Is Entitled to \$114 and the Costs For Caring For The Old Gentleman, When the Case Came Up This Morning.

The case of Lenz against Brehmer is at an end so far as the municipal court is concerned, although it is intimated that the litigation may be appealed to the higher court. The case is a peculiar one, in that it is a family difficulty. Martin Brehmer is an aged German, who cannot speak the English language understandingly. Brehmer is possessed of a few hundred dollars in personal property, United States bonds and cash. It appears from the first suit in the municipal court, that his daughter, Mrs. Carl G. Lenz, with whom he resided, had possession of this money, and the old gentleman brought suit to recover it, and being successful, Carl G. Lenz then brought suit against his father-in-law, for board, lodging, washing and nursing, placing the amount at \$266, also for \$7 in money he had paid for the old man. The suit has been hanging fire in the municipal court for some time, being continued from time to time until this morning when it was taken up before Judge Phelps. William Byrne and George G. Sutherland appeared for the plaintiff and William Smith for the defendant. After hearing the case Judge Phelps gave judgment for the plaintiff in the sum of \$114 and costs, the costs amounting to \$62. The matter is now in the hands of the attorneys and may be appealed.

MANIAC AND DRUNK IN A SAVAGE FIGHT

AUGUST COOK MIGHT HAVE KILLED JOHN DUNN.

Former Had Just Been Adjudged Insane When the Latter Was Brought In Full of Fight and Attacked Cook Cheap Burglars At Work—Other Wrong-Doing.

A crazy man and a drunk had a savage fight in the jail this morning which came very near ending in murder. "Jack" Dunn was arrested early in the day on charge of drunk and disorderly conduct. Chief of Police Acheson took him to jail, and he was put into the corridor with August Cook, the "horse stabber," who had just been declared insane. Dunn had a full load of fighting whisky inside his jacket, and it was with much difficulty that he was conveyed to the lockup. He had not been in the corridor many minutes before he made an assault upon Cook, who at that time was lying on a table. The two clinched and rolled over on the floor. Sheriff Appleby and Chief Acheson hastened inside to separate them, but when they pulled Cook away Dunn was about dead. Cook had seized him by the throat with a death grip, and succeeded in shutting off his breathing machinery. Dunn's face had turned black, and it was several minutes before he could breathe freely. Dunn concluded he did not want any more fight, and requested the turnkey to give him a cell by himself, where there would be no one with whom he could pick a quarrel.

But a short time before the fight, Dr. Henry Palmer and Dr. J. B. Whiting had examined Cook and found him insane. He will be taken to Mendota Monday.

Cheap Burglars Work.

Two very cheap grade of burglars made a raid on the home of Mrs. William Cook on South Franklin street, last night, but were frightened away before they succeeded in getting in.

Mrs. Cook, whose husband it will be remembered died two weeks ago, was in the house with her five little children. They retired early and were not awakened by the thieves. The house is a double one, and the other half of it occupied by Thomas Williams. Mr. Williams heard the robbers working at a side window, which they succeeded in prying open, and got up, frightening the men away. The robbers were plainly seen under an electric light, and Mr. Williams was able to describe them to the police quite accurately. One, he said, wore a suit of light colored clothes, while the other was dressed in a dark suit. That the work was not done by professional thieves is plainly apparent, and the police think it was probably the job of hungry tramps in search of provisions.

Other Criminal Doings.

The chicken thief who has been having things a good deal his own way in the neighborhood of Spring Brook, is now working nearer the city. His latest visit was at the residence of Edward Gillispie, on South Franklin street. Here they left nothing but the heads. Moreover, Mr. Gillispie is liberal, and says the thief may have them by calling at his residence.

Chief of Police Charles Carr, of Watertown, arrived in the city on the early morning train and identified William Brown, whom the Janesville officers arrested yesterday, as the man he wanted for tapping a cash register in that city on Thursday evening. Brown was taken to Watertown on 6:45 a. m. train.

Aubertine, of Elgin; and Miss A. Ryan, of this city; and Mrs. Mamie Crane, of Center. MOTHER WAS AFTER HER ELOPING GIRL

STOUGHTON COUPLE RAN AWAY TOGET MARRIED

Fifteen-Year-Old Grace McFarland and Twenty-One Year Old Harry Slawson Were Closely Pursued to Janesville By Mrs. McFarland—Dr. Halsey Wouldn't Perform the Ceremony

It was in search of her eloping daughter, Grace, aged fifteen, and Harry Slawson, a former Janesville resident, but now a livery stable employee, that Mrs. McFarland of Stoughton, visited Janesville this morning and invoked the aid of the police.

The couple came here from Stoughton yesterday afternoon. Miss McFarland, who is not yet sixteen years of age is a winsome lass, while the man of her choice, who formerly lived here, is but twenty-one. Neither of them look to be as old as they are, yet they loved and desired to wed. Their tender ages caused parental objections and when they disappeared from Stoughton yesterday Miss McFarland's mother, who is a pleasant spoken widow lady, was much disturbed. She found them at they had come to Janesville, and the next train brought her to the Bower City. Chief Acheson was at once hunted up and the search for the couple began. It was found that they had visited Rev. Dr. Sabin Halsey, of Court Street church, but Dr. Halsey had refused to marry them, as the young lady was, she said, but seventeen years old. Even at that age she had added two years to her age, for her mother this morning stated that her daughter was now nearly but not quite sixteen. Later it was learned that Slawson and the young lady had hired a horse and buggy, ostensibly to go to the home of some of Miss McFarland's relations who live near the "Four Mile" Bridge. This afternoon the buggy was returned to the livery stable, but at 4 o'clock it was not known whether or not they had succeeded in getting married.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it. It will buy an education. It will buy a building lot. It will buy a piano and the lessons necessary to play upon it. It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

A Blessed Deliverance.

This is effected when the hostile disturbance of the liver, known as biliousness, ceases through the benign operation of Dr. Hetter's Stomach Bitters. Pain in the right side and under the right shoulder blade, yellowness of the skin and eyes, "fart" upon the tongue, morning nausea, vertigo, sour breath, irregularity of the bowels and sick headache, are among the distressing symptoms which take their departure when the great anti-bilious medicine is resorted to. Chills and fever, kidney and bladder trouble, rheumatism, dyspepsia and nervousness are also remedied by the Bitters, which is also a superb tonic and promoter of sleep and appetite. Use the Bitters persistently and not by fits and starts. Speedy good results will follow.

If the Baby is Cutting Teeth, Besure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

DR. P. H. SHARP,

The Most Successful Specialist in All

Nervous, Private and Chronic Diseases of Men and Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98 per cent of the cases he accepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality.

OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments.

Leucorrhea, Painful Menstruation Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.

FREE TREATMENT.

For one week, commencing Thursday, April 4, Dr. Sharp will give free treatment to all patients till they are cured.

MARQUIS OF QUEENSBERRY.

Author of Pugilistic Rules and Prosecutor of Oscar Wilde.

The prominence given the Marquis of Queensberry in the Oscar Wilde case will be interesting in the sporting world. He is one of the characters of Great Britain. Known among pugilists as the author of the Marquis of Queensberry rules, his name is familiar to all ring followers. These rules were in vogue in the days when Tom Allen, Joe Goss and Jim Mace were the great English fighters. John L. Sullivan was the first to make them popular in America. Few people know that, among other titles to fame possessed by the pugnacious Marquis of Queensberry, is that of being a poet, and one, too, of no mean order. He published a volume of really good poems in 1880 and perhaps the best one of all is that entitled "The Spirit of the Matterhorn," the beginning and conclusion of which contain lines of singular merit, delicacy and spirit. Lord Queensberry was likewise formerly on the turf and his racing colors were green, with salmon sleeves. Perhaps the best-known episode of his career was his interruption of Tennyson's successful play, "The Promise of May," at the Globe theater. The villain of the piece is an agnostic and throughout the drama is held up to ridicule and obloquy. Lord Queensberry, who was at the time an enthusiastic, resented this insult to what he considered to be his creed and accordingly on the fourth night of the performance rose from his seat in the orchestra stalls and exclaimed in a loud tone:

"I am an agnostic and I strongly protest against Mr. Tennyson's gross caricature of our creed."

Great excitement ensued among the audience which continued until the marquis had left the house, escorted by a policeman.

A "HOODOOD" TRAIN.

New York Central Men Railroad Shy of It—Sure to Meet with Some Bad Luck.

There is not a railway man on the New York Central who runs on freight trains that does not believe that the through freight known as A. S. No. 1, is a "hoodooed" train. The train runs from Albany to Suspension Bridge, and in the past few years has met with many accidents. Saturday morning the "hoodooed" train left Syracuse on time. Charles Detsel, a brakeman, who has been running on the road for the past five years, was assigned to make the run as forward brakeman. Detsel did not wish to take the run, saying to his companions that the train was "hoodooed," and that he believed he would meet with some bad luck. Everything went right until the train reached Coles' bridge, between Lock Berlin and Lyons. A brakeman on a westbound local that followed saw Detsel lying in the ditch at one side of the track, and the train was stopped and the injured man taken to Lyons. The entire scalp was torn off his head and he is in a dying condition. It was this train upon which Conductor Gowan was killed at Adams Basin Wednesday of last week. His death was caused in a similar manner. Conductor Orr met his death last summer on this train, and it is a fact that the "hoodooed" train met with five accidents on five consecutive days about a year ago.

HE SMOKED 628,713 CIGARS.

The Record of a Frenchman Who Just Died in His Seventy-Third Year.

The Paris newspapers tell of a peculiar old man who died at Vienna early in March in his 73d year. They call him the most exact man of whom there is record. From his 27th year he kept accurate account of all he bought and what he paid for it. A few days before his death he made up his books to show just what eating, drinking and wearing clothes had cost him during his last fifty-six years. The total shows that in this period he wore out eighty-five pairs of trousers and seventy-four coats and vests, for which he paid \$8,000. He had bought 208 shirts and 306 collars, valued at \$300. His omnibus fare was \$208. In the twenty-seven years of his convivial life he consumed 28,786 glasses of beer. He gave up drinking in his 54th year, but he continued to smoke constantly even during his last sickness, raising the number of his cigars to 628,713 or an average of 11,271 a year. Of the whole number some 45,000 were given him; he bought the rest for \$12,500, or 2 cents each. The exact old man took most pride in his socks, which were of the best silk and most expensive make, costing usually \$4.50 a pair. He wore out but sixty-two pairs between his twenty-seventh and seventy-third years, or hardly more than a pair a year.

Political Conditions of American Women.

The women of Wyoming have full suffrage and municipal suffrage is granted women in Kansas. In twenty-eight more states they have a right to vote upon school matters, and there are at least twenty-nine out of a total of forty-eight states where women enjoy some form of suffrage. The political conditions of American woman to-day may be briefly summed up thus: While she is not yet admitted to the full exercise of political rights except in Wyoming, she possesses very generally some right to vote on local matters and to hold many executive offices; she in all walks of life is considered nearly, if not entirely, the equal of man, and in many cases his superior. She is on a par with him in respect to freedom of labor and earn money; she may vote, hold office, do business, enter upon any profession as the social equal of man, enjoying respectful consideration and is a good wife and housekeeper, and a most devoted mother, in spite of all her outside avocations.

BETTER THAN A GOLD MINE.

Last month I cleared, after paying all expenses, \$235.38; the month before \$186.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co., Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, and every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.

You are not as handsome a man as you were when you courted your wife. Don't ride in as fine a buggy. She probably loves you better today than she did then, in spite of your shabby buggy, but what a nice compliment it would be to her if you bought her a new Albemarle Stanhope of The Wisconsin Carriage Top Co. and tried to "spruce up" a bit. Women don't say much about those things but they think a great deal.

Lost—A ladies' mink box, Monday afternoon, on Main or Milwaukee streets. Finder please return to 18 South Main street. W. C. Vankirk.

It's not the large profit we make on any one article that keeps our doors open, as any competitor will testify; but it's the small profit on the large amount we sell that keeps us going. The maulin we are offering now is proof of this. Bort, Bailey & Co.

Kills His Daughter's Child.
Whitehall, Wis., April 27.—Alvah Andrus, a farmer living near Osseo, this county, was brought here yesterday charged with murdering the infant of his daughter, Mabel Andrus Clark. The story of the crime, as reported by his daughter, who made the complaint, is that on April 28, 1892, when she was but 17 years of age, she gave birth to an illegitimate child at her father's house. Immediately after its birth it is alleged that he took the child from its mother's side and choked it to death.

BROWN BROS & LINCOLN.

FREEDPORT, ILL, February 15th, 1895

TO THE TRADE:

Appreciating the fact that there is a demand for buggies cheaper than any we have heretofore made, we have equipped a part of our plant for the exclusive manufacture of this grade of work. In making this arrangement we have been careful to direct the general make-up of the goods, and our long experience in making high grade vehicles, enables us to incorporate more style than is generally found in low-priced work.

We know that it is much more satisfactory to the dealer to buy direct from the manufacturer, than through other sources.

We will be able to meet all competition in this grade of work.

Yours truly,
HENNEY BUGGY CO.

We handle this famous make buggy and buy direct from the factory and quote factory prices.
